GLASS SASS

VOLUME 35, ISSUE 3 MARCH 2014

A Message from our President: Sherry Chandler

I hope everyone survived all the wind and rain. After traveling to Arizona and this last weekend to Las Vegas, that sunshine is so nice I believe I am ready for it.

Thanks to Tom for taking over the last meeting and doing a great job! I was so excited to hear we had 5 guests at the meeting, I have been getting emails from guests wanting information about our group, so I have been inviting them to our meetings and out for pizza after. So glad they came.

Keep handing out your WVCA cards and talking to Corvette owners. (I have more cards if you need some)

The activities committee has done a great job of getting a good list of fun runs and places to go, let's all try to participate in as many as we can, it's always a good time, remember the more the merrier!

Before you know it our 3rd annual Corvette show will be here, so we need to start getting items for the raffle prizes. So please keep this in mind when you go places, ask those friends that owe you a favor. We do need full participation of our club members, we had a good turn out last year I know we can top it!!!

Sherry

Thanks to Lee and Dave Walery, our trophy case at Walery's is now sporting the latest in LED lighting! While Lee Hart was at Walery's Pizza hanging a photo of Ken and Vikki's new C7 Stingray, Dave Walery was working on trying to replace a burned out bulb in one of the lights in the WVCA trophy case. Dave asked Lee to take a look and help him decide what could be done change the lights to a type that would not get so hot and wouldn't burn out so often. There are burn marks on the wood under the lights.

Lee suggested that the lights could be replaced with LEDs. Dave paid \$80 for the new lights; Buzz, and Sally helped Lee install them. The old lights were state-of-the art when installed. These replacement LED lights use 1/5 the power and do not get hot enough to cause problems.

New Business: It was decided to separate our new name tag design from the logo update committee in order to expedite the process. The current wood grain design is no longer available for current member replacements or new members initial order. Shelly Campbell will order some blank sticker name tags for use in the interim. The name tag committee will have a proposal to put forth at the April meeting.
